

TRANSNATIONAL PROJECT MEETING MULTIPLIER EVENT

29th and 30th March 2023

PROJECT

INTRODUCTION

Creativity and innovation are becoming increasingly important for the development of the 21st century knowledge society. Creativity is an ability that everyone can develop and it can therefore be fostered or, likewise, inhibited. Innovative teaching is the process leading to creative learning, the implementation of new methods, tools and contents which could benefit learners and their creative potential.

OBJECTIVES OF ENCITS

- To increase teachers' professional competences in terms of creative and innovative teaching methods in education
- To increase the awareness of the teacher, to make him realize his strengths and weakness.
- To ensure that the teacher renews pedagogical knowledge and skills and follows the changes and innovations
